Army Of Guatemala Near Revolt Over Communist Influence

By SAM SUMMERLIN
TEGUCIGALPA, Honduras (AP)—Eighty army officers have handed a questionnaire to Guatemalan President Jacobo Arbenz Guzman about Communist influences in that country, and demanded a satisfactory answer by the end of the week.

This was reported today in private advice from the Guatemalan capital.

Official quarters in Washington received a report Monday night saying the army had given the President an ultimatum to quit sometime today, and that he had agreed provided the army guaranteed not to molest any Guatemalans. But the later information from the Guatemalan capital received here said Arbenz had until the end of the week to answer. The questions were handed to him Monday.

May flee to Yacht
If the army should oust Arbenz, he would presumably try to go to Belize, British Honduras, where he was reported to have a large sea-going yacht at anchor.

Two former Guatemalan defense

officials who fled their Communist-tinted land say the army is on the verge of revolt.

"All we have to do is put the press that will blow out all the Reds," former Defense Under Secretary Miguel Angel Mendoza told reporters Monday night. "I think there is a great division in the army and I am sure that when the moment comes, most of them will take the course for which we are fighting."

Observers generally concede that Arbenz himself is not a Communist. But his regime has had strong backing from the Reds, and in return he has made numerous concessions to them and given them key government posts.

Hundreds Jailed

Mendoza and his brother, former air force chief Col. Rodolfo Mendoza, arrived here Sunday. They told reporters a "reign of terror" gripped their homeland and at least 600 persons were in jail.

Press dispatches from Guatemala have been subject to a strict

Indochina Regime To Rally Masses Against The Reds

By JOHN RODERICK

SAIGON, Indochina (AP)—Authoritative sources said today the five-month-old government of Viet Nam's premier, Prince Bao Loc, will resign Wednesday. Ngo Dinh Diem, 53-year-old Roman Catholic reformer and outstanding nationalist, is expected to succeed him.

The choice of Diem was seen here as an attempt to set up a new regime of leading nationalists untainted by previous close ties with the French. The obvious aim was to rally the masses against the Communist-led Vietminh and win over anti-Reds who had failed

to support Viet Nam's chief of state, former Emperor Bao Dai.

Informants said Bao Loc had already sent his resignation to Bao Dai in France. They said the prince, who succeeded Premier Nguyen Van Tam on Jan. 1, had decided to quit after he achieved his chief goal—formal independence for his warring nation.

Eleven days ago Bao Loc and French Premier Joseph Laniel—who has also just resigned—signed long-pending treaties granting Viet Nam independence, but keeping it as a member of the French Union.

Diem is a son of a one-time minister in the royal court of Annam.

In Hanoi, the French high command said French warplanes unloaded 50 tons of bombs on Vietminh guerrilla bases only a few miles northeast of Hanoi. Elsewhere he added, action was at a virtual standstill.

What salary Perlman will get as president was not disclosed. White received \$120,000 a year.

No Overnight Job

Perlman said in a statement that "we will not revolutionize the railroad overnight but we will build a firm foundation upon which will rise a progressive and modern structure of which we can all be proud."

What salary Perlman will get as president was not disclosed. White received \$120,000 a year.

**Finding Of \$75,000
Clears Up Arizona
Kidnapping Mystery**

PHOENIX, Ariz. (AP)—Discovery of the \$75,000 ransom money cleared up a major mystery in the puzzling Evelyn Ann Smith kidnapping case today.

The missing cash, bundled in a man's work shirt with a shiny pistol lying on top, was found near the Superstition Mountains Monday. The "hiding place" was less than 10 feet from a road over which dozens of officers had traveled since Friday.

About 100 yards away is a ranch house near which Daniel J. Marsin, an unemployed Phoenix welder, was arrested shortly after the ransom was paid by Mrs. Smith's husband Herbert.

Marsin, 41, was identified by Mrs. Smith as her abductor.

Police continued the search for a rifle and binoculars the kidnaper was reported to have used.

Meanwhile, Marsin waited in jail for a preliminary hearing on a charge of kidnapping Thursday.

The sudden discovery of the payoff money prompted County Atty. William P. Mahoney to call this "the most fantastic kidnapping case in American history."

Monday night the FBI was accused by Police Chief Charles P. Thomas of having delayed a description of the kidnaper.

Thomas told the City Council that FBI agents had tried to "run the whole show" and had scoffed at police for detaining Marsin at all.

"They told city officers that the suspect had nothing to do with the crime," asserted Thomas.

Snow Radioactive

TOKYO (AP)—Japanese mountain climbers were warned today not to quench thirst with snow.

Chemists at Kanazawa University in western Honshu said tests showed snow atop peaks in the area called Japan's Alps was radioactive.

Recent U.S. hydrogen bomb tests in the Pacific were presumed to be the cause.

Daniel J. Marsin

Court Frees Marine's Wife Who Remarried Thinking He Was Dead

LEXINGTON, Tenn. (AP)—A judge Monday dropped a charge of unlawful cohabitation against attractive Mrs. James Hern, who remarried while her husband was a prisoner of war.

Judge A. T. Taylor took the action at the request of the former POW, Sgt. James Coburn. The sergeant told the court he believed it was best for all concerned."

Mrs. Hern, 24, said she married her present husband, a 25-year-old former Marine, believing Coburn had died in Korea.

Coburn was released last August after three years as a prisoner of the Communists. He obtained a divorce when he arrived home.

He has remarried.

France Holds Up European Treaty

By HARVEY HUDSON

PARIS (AP)—France's current political crisis spelled new trouble today for the long delayed European army treaty. The controversial pact in turn posed a major problem for Premier-Designate Pierre Mendes-France or anyone else trying to succeed ousted Premier Joseph Laniel.

Laniel and his Cabinet resigned after losing a National Assembly vote of confidence on Indochina Saturday. Mendes-France, whose criticism of government policy in Indochina was a major factor in Laniel's fall, accepted the mandate to form a cabinet Monday. He is slated to seek confirmation before the Assembly Wednesday or Thursday.

His chances were considered slight. A big factor is the bad split in the Chamber over the scheduling of debate on ratification of the European Defense Community.

Market Safe Stolen

MT. CLEMENS (AP)—Police are searching for the men who broke into the Village Market at nearby Anchorage Sunday night and fled with a safe containing \$3,100 in cash and checks. The emptied safe was found Monday at the edge of a road on the outskirts of town.

State Equalization Board Raises Valuation 4 Billion

Young Buckles Down To Job Of Running N.Y.C.

By STEVEN V. DAVID

NEW YORK (AP)—The new regime of Robert R. Young buckled down today to the formidable task of running the nation's second largest railroad, the far-flung New York Central system.

Young and his board took over Monday, an hour after they were officially proclaimed winner by 1,064,000 shares in their proxy battle with the management headed by William White.

Efficiency Pledge

The new board quickly elected Young as chairman—at \$1 a year—and named Alfred E. Perlman, 51-year-old executive vice president of the Denver & Rio Grande Western, as president and chief executive officer.

White stepped down as president but promised to cooperate with the new management "in effecting an orderly transition."

In a statement, Young thanked those who supported him and declared: "We offer the warm hand of conciliation to those who willingly or unwillingly worked against us."

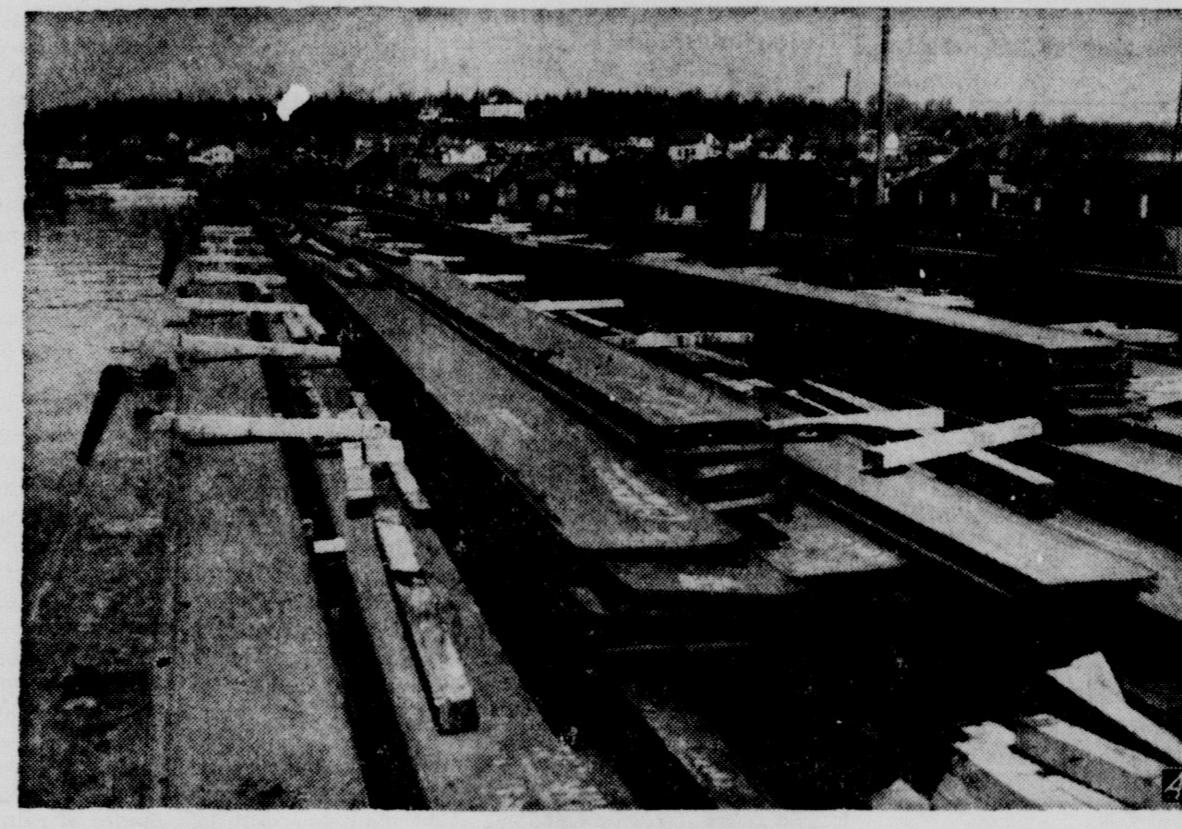

Young said that all of the industry's 41,000 passenger cars and most of its 1,800,000 freight cars "can be replaced by more efficient types and more than pay their cost out of savings." He added:

"Industrywide planning for and agreement on improved and standardized equipment designs, volume purchasing, freight and passenger terminal adaptation to the motor age, the greater use of each other's facilities, accounting, reservation and ticketing simplification and many other cooperative projects are long overdue."

No Overnight Job

Perlman said in a statement that "we will not revolutionize the railroad overnight but we will build a firm foundation upon which will rise a progressive and modern structure of which we can all be proud."

What salary Perlman will get as president was not disclosed. White received \$120,000 a year.

Bungling Charged In Birmingham Fire Which Took 3 Lives

DETROIT (AP)—The suburban Birmingham City Commission promised a board of inquiry today to investigate the city fire department's work at the blaze which claimed three lives Monday.

The investigation was prompted by complaints from area residents who said firemen failed to use searchlights and bungled hose operations.

Frank Rising, former Birmingham city commissioner, said firemen "appeared confused" when they first arrived on the scene.

"They did not attack the fire with speed and precision and were slow in starting their rescue attempts," Rising said.

Birmingham Fire Chief V. Griffith said it was the first complaint against the department in 20 years.

The City Commission expressed its faith in the department's ability but agreed to set up a three-man inquiry board.

The fire killed Mrs. Maureen Couper, 40, and her sons, Mrs. Ada Leonard of Madison, to say he embezzled the \$300,000 to pay expenses during his four years in Congress from 1927 to 1931 and for his successful 1934 gubernatorial campaign.

Mrs. Leonard, in a letter to Meyer Monday night, pledged that the Hoffman family would repay every cent of the money. Her mother last Monday was voted a \$6,000-a-year pension by the State Legislature. The bill awaits Meyer's signature.

Hoffman, affable after a dinner speaker and president of the fun-loving Circus Sants and Sinner, was suspended March 18 by Meyer for a reference to the \$300,000 and recommendations for the dismissal of several persons, including one in another department.

This came about during Senate consideration Monday of a bill to provide \$1,140,850,000 for the State, Justice and Commerce Department during the year starting July 1.

The bill passed by voice vote in a form 28 million dollars below the House-approved total and 173 million under President Eisenhower's budget request.

The Senate defeated 41-35 an amendment by Sen. Monroney (D-Oklahoma) that would have prevented the State Department from paying McLeod's salary if it exempted him from the Hatch Act which bars political activity by most federal employees. Republican and Democratic senators lined up solidly on opposite sides of the issue.

Democrats in Congress protested bitterly last winter when McLeod took leave of absence to make five Lincoln birthday speeches under Republican National Committee auspices.

An authoritative source said the charges against Hoffman include a reference to the \$300,000 and recommendations for the dismissal of several persons, including one in another department.

Lamprey Control Progress Told

Leo Erkkila, Marquette, who heads the U. S. Fish & Wildlife Service program to control marauding sea lampreys on the upper Great Lakes, yesterday presented a progress report to the Escanaba Rotary Club at its meeting at the Delta Hotel.

The sea lamprey invaded the Great Lakes from the Atlantic and quickly spread to all of the five lakes, with Lake Superior still not over-run by the parasites that feed on lake trout and other valuable fresh water fish.

Erkkila noted that lake trout have been particularly hard hit by the lamprey. From an average of six million pounds of trout taken annually in Lake Michigan by commercial fishermen, production dropped in 1952 to less than 10,000 pounds, Erkkila said.

The United States and Canada are now engaged in a program of destroying the lampreys by the use of electric devices installed in rivers up which the lampreys run to spawn. Forty-four such devices are now installed on streams and rivers entering Lake Superior, and on seven streams between Escanaba and Manistique on Lake Michigan.

Next year the plan is to extend the controls southward along the Green Bay shore and along Lake Michigan as far south as Sheboygan, Wis., if sufficient funds are made available.

The control work is financed by federal appropriations which so far have totaled one and one-quarter million dollars.

Erkkila's talk was illustrated with a motion picture showing the life habits of the sea lamprey and methods devised to control the pest.

Ford River Lions Officers Installed

The Ford River Lions Club met Monday evening at the Potvin's dining room in Schaffer for their regular meeting and installation of officers conducted by the immediate past president Phil A. Miron.

Officers installed to their positions for the incoming year were Claude Leclerc, King Lion; Richard Freeman, secretary; Chris Bodjanac, treasurer; Everett Dahlwick, first vice president; Robert Hawes, second vice president; August Ekstrom, third vice president; Emerson Kidd, lion tamer; Robert Glidden, tail twister. Directors for two years, Arvid Arntzen and Hank Spieth and directors with one or more years in office are Earl Tryan and Hilding Olson.

Donald Kline was presented with the checks of winners in the Lion's bowling tournament at Gladstone that were distributed at the Lion's Upper Peninsula convention to winners of all events.

Final discussions were made for the Lumberjack Jamboree to be held June 26 and 27 and on Monday, June 21, all members are urged to be present so that the concession stands and displays will be set up. Members will meet at the Ford River Community Building site.

Bird Costs \$200

NEWPORT, Ky. (AP) — Jerry, the parakeet pet of 9-year-old Mary Lou Kehoe, escaped from her home and flew into a hole in the wall of the Elks' clubhouse.

Mary Lou demanded her bird back.

The Elks tore down part of the wall and some paneling to get him.

It cost them \$200 and four hours labor.

Bark River Cafe Gutted By Fire

Fire of undetermined origin gutted the Bark River Cafe at Bark River last night with an estimated loss of over \$5,000 in stock and equipment and extensive damage to the interior of the building. The loss is partially covered by insurance.

The fire was discovered by a passer-by who turned in an alarm to the Bark River Volunteer Fire Department at 10:45. The firemen prevented the flames from spreading to the Bark River Community Building and business places and homes near by.

The cafe, a restaurant and gift shop, and also a bus stop, is operated by Gordon Beacon who is in the process of buying the building from Oscar Olson of Escanaba Rte. 1.

Bark River Lions Will Install Officers Thursday

BARK RIVER — The Bark River Lions Club will install newly elected officers at a Ladies' Night dinner Thursday, June 17, at Potvin's Fireside Room at Schaffer. The dinner at 7:30 p. m., will be followed by special entertainment.

The new officers are: Leo Brunelle, King Lion; Russell Simons, 1st vice president; James Anderson, 2nd vice president; Fred Schuster, 3rd vice president; Roy Berkman, tail twister; Raymond Raymond, secretary-treasurer; Frank Romain, lion tamer.

The directors are Phil Norman, who was elected for a one year term and Tom Morin and Adolph Urbanc who will serve two-year terms.

Hiawatha Club To Hold Picnic June 20

The Hiawathalab Club of Notre Dame will hold a picnic for families and friends at Wells State Park, Cedar River, on Sunday, June 20. The picnic will begin at 10 a. m.

Picnic reservations should be made here by contacting Ray Ebli of Escanaba or Robert Schmidt.

Members are asked to bring their own food and eating equipment.

Massed Bands Play Wednesday

The Escanaba Municipal Band and the Escanaba High School Band will present a massed band concert at 7:30 p. m. Wednesday at Ludington Park, conducted by Cecil Collins and Robert S. Meyer.

Collins is director of the Municipal Band and Meyer is director of the High School Band. They will alternate in conducting the massed band in concert Wednesday evening.

The program, sponsored by Local 663, American Federation of Musicians, marks the start of the summer park, concert series and the second year the bands have combined in a program.

The Wednesday night concert program is as follows: Star Spangled Banner, F. S. Key, Our Director, March, F. E. Bigelow, Beautiful Ohio, Waltz, Mary Earl, Cecil Collins, director.

Ivercargill March, Alex F. Lithgow, The Golden Dragon, Overture, K. L. King, March of the Steel Men, Charles S. Belsterling, Robert S. Meyer, director.

There's Something about A Home Town Band, John Nagay, M. Lance, D. Canton, Over There, Selection of World War Songs, arr. M. L. Lake, Barnum and Bailey's Favorite, Circus March, K. L. King, Cecil Collins, Director.

Tinker Polka, A Hal Leonard arrangement, At the Gremlin Ball, Charles Lee Hill, Them Basses, March, G. H. Huffine, Robert S. Meyer, director.

The Thunderer, March, John Philip Sousa, Short'nin' Bread, Negro Rhythmic "Pop", Jacques Wolfe, Finale, God Bless America, Irving Berlin, Cecil Collins, director.

Methodist Pastor Assignments For U. P. Are Listed

Charles P. Wolfe, superintendent of the Marquette district of the Detroit Methodist Conference, has announced a complete list of the Methodist pastors and parishes in this district of the Upper Peninsula.

They include Byron Hatch, Bark River, R. R. Terwilliger, Bessemer; Donald C. Porteur, First at Calumet; Elwyn C. Parlin, Crystal Falls; Karl J. Hammatt at Central and Byron Hatch at First, Escanaba; Alexander Poobus, Ewen; Meldon Crawford, Gladstone, and Vernon D. Wyllys, MacMillan parish at Grand Marais.

Ira A. Bush, Gwinn; Harold W. Diehl, Hancock; John Larsen, Hermansville; Kenneth R. Callis Houghton; John Grenfell at First and Eskil Fredrickson at Trinity, Iron Mountain; R. R. Terwilliger at Newport and William N. Mertz at Wesley, Ironwood, and Elizabeth Keast at Salisbury National Mine, Ishpeming.

Syna Poobus at Finnich and Chester R. Stockinger at Wesley, Ishpeming; John Thompson, Lake Linden; Ralph Guilliat, L'Anse; Harold W. Diehl, Laurium, Carroll E. Halbert, Manistique; Paul Caras at First and Edgar M. Smith at Grace, Marquette, and Alfred Hunter, Menominee.

2 Directors For Breeders Association Elected Monday

Two directors were elected to the board of the Delta Cooperative Artificial Breeders Association at a meeting held at Cornell last night.

Clarence Anderson of Bark River was reelected and Clarence Sundquist of Escanaba was elected to fill the vacancy created by Joseph Charon.

Anderson, past president of the organization, presided at the meeting and presentation of the financial report of the association was made by secretary-treasurer Archie Dubord of Flat Rock.

C. L. Blakeslee, field representative for the American Breeders Service, gave an illustrated talk on the progress made over the last ten years in the field of artificial breeding. He emphasized the importance of increased milk production per cow for the farmer to increase profits from his animals.

Two of the directors were also appointed to attend a policy making meeting of the American Breeders Service at Eau Claire, Wis. They are Anderson and Eero Saarikko who will leave tomorrow.

Father's Heart Keeps Young Girl Alive For Bloodless Operation

SAN FRANCISCO (UPI)—A television program showing a young girl and her father with their blood vessels hooked together during a heart operation will be presented on a nationwide network during the American Medical Assn. convention next week.

The operation is for a defect in the girl's heart. To get the best results, surgeons like to operate in a "dry field"—that is, with no blood in the heart.

So they short-circuit the heart and connect the girl's veins and arteries into the circulatory system of the father.

The March of Medicine broadcast will be made over NBC-TV at 9 p. m., CST, Thursday, June 24.

G. Prout, Pewabic, and G. Russell Nachtrieb, Pickford.

Cecil Lutey, Republic; Lisle Ketchum at Algoma and James R. Balfour at Central, Sault Ste. Marie; pastor to be supplied, Stambaugh; Eric S. Hammar, Stephenson; Carl Oswald, St. Ignace; John Grenfell, Vulcan; R. R. Terwilliger, Wakefield, and Vernon D. Blackwell, White Pine.

Township Elections

CORNELL TOWNSHIP

Two incumbent school board members were reelected in Monday's voting. Elected were Archie Sanville with 51 votes and Mrs. Ed Wight with 50 votes. Mrs. Elmer Nelson, defeated candidate, received 10 votes.

The results are as follows: Stanley Deloria, 107 votes, Carl Bramstrom, 86 votes, Mary Aper, 61 votes and N. J. Sharkey, 61 votes.

BARK RIVER TOWNSHIP

Fred Schoen and Carl Ahlin were elected to the Bark River Township School Board in yesterday's election. They were uncontested. Schoen received 59 votes and Ahlin 51. Ahlin replaces Art Sundquist who was not a candidate for reelection.

WELLS TOWNSHIP

Louis Dufour was reelected to the Wells Township School Board and Steve Burak was elected a new member in yesterday's election. Dufour received 156 votes and Burak 131 votes.

Mrs. Norman Anderson, third candidate, received 72 votes.

In a special meeting of the School Board following the election, Dufour was elected president; Joseph Berube, secretary, and Steve Burak treasurer.

The two other trustees are Earl Iverson and Frank Bender Jr.

FORD RIVER TOWNSHIP

Hilding Olson and Robert Hawes were elected to three year terms to the Ford River Township School Board yesterday. Olson received 82 votes, Hawes 69. A third candidate, Florence A. Peak, received 45 votes.

BALDWIN TOWNSHIP

Stanley Deloria and Carl Bramstrom were elected to a three-year term as trustees on Saturday.

Letters To The Editor

Dear Editor:

I take my hat off to a public minded citizen who is not afraid to state his opinion on civic matters that are so vitally important to all the taxpayers. To you Mr. Hayes—I say—thank you. I only hope that you have opened up some of the eyes of our citizens, so that they can see what has been going on in the City of Escanaba.

I only hope that some public minded citizen will appear before the City Council and demand to know what the incidents were that had taken place when the city manager was requested by the Civil Service Commission to give information about them during the hearings of Herbert Carlson before the commission.

It may be interesting for the public to know what the circumstances of the case were.

To the interest of the public I only hope that the council will see fit that the honest truth will come out about all incidents.

Sincerely yours,
Herbert Carlson
Island, Vallejo, Calif.

Wonderful New Kind of ALL-IN-ONE CAPSULE FOR EASY REDUCING

Science Now Helps You Take Off Your
Fat While You Eat The Foods You Choose

Too fat because you eat too much? Just can't seem to diet because you're a real glutton when it comes to butter, gravy, potatoes? Have you spent dollar after dollar for pills and tablets and in spite of everything you're still too fat?

COUNTERACTS HUNGER

Recently scientists discovered a compound combining all the graphed proven aids to reducing found in all the products offered today, proteins that build energy but burn off excess fat, vitamins and minerals often lost when cutting off fattening foods, vegetable cellulose food with no calories yet give the feeling of a full contented stomach. These tiny capsules actually equal and exceed many a meal.

**AT LAST: A MEAL OF VITAMINS,
MINERALS and BULK ALL-IN-ONE
EASY-TO-TAKE CAPSULE!**

Take ALL-IN-ONE Capsules, then eat as much as you need to satisfy your hunger. You won't eat as much because you won't have the crave for more.

AND THE COST? Absolutely nothing unless you grow slim, more youthful looking, more active and enjoy better health. ALL-IN-ONE Capsules cost enough to lose pounds fast, are only \$2.98 at your druggist or the guarantee you make for your money back. For every reducing get ALL-IN-ONE CAPSULES today!

Martin Falick and Fred Segar were reelected to the Maple Ridge Township school board at yesterday's election. Falick received 119 votes and Segar 109. A third candidate, Mrs. Albert Wendum, received 93 votes. Less than one third of the voters in the township cast their ballots.

ROCK RIVER TOWNSHIP

Fred Schoen and Carl Ahlin were elected to the Rock River Township School Board in yesterday's election. They were uncontested.

The results are as follows: Stanley Deloria, 107 votes, Carl Bramstrom, 86 votes, Mary Aper, 61 votes and N. J. Sharkey, 61 votes.

WELLS TOWNSHIP

Louis Dufour was reelected to the Wells Township School Board and Steve Burak was elected a new member in yesterday's election. Dufour received 156 votes and Burak 131 votes.

BALDWIN TOWNSHIP

Stanley Deloria and Carl Bramstrom were elected to a three-year term as trustees on Saturday.

FORD RIVER TOWNSHIP

Hilding Olson and Robert Hawes were elected to three year terms to the Ford River Township School Board yesterday. Olson received 82 votes, Hawes 69. A third candidate, Florence A. Peak, received 45 votes.

BALDWIN TOWNSHIP

Martin Falick and Fred Segar were reelected to the Baldwin Township School Board in yesterday's election. They were uncontested.

The results are as follows: Stanley Deloria, 107 votes, Carl Bramstrom, 86 votes, Mary Aper, 61 votes and N. J. Sharkey, 61 votes.

MAPLE RIDGE TOWNSHIP

Martin Falick and Fred Segar were reelected to the Maple Ridge Township school board at yesterday's election. Falick received 119 votes and Segar 109. A third candidate, Mrs. Albert Wendum, received 93 votes. Less than one third of the voters in the township cast their ballots.

Straits Bridge Will Increase U.P.'s Transportation Problems

REPUBLICAN party leaders of the 11th and 12th congressional districts, meeting at Blaney Park this past weekend, put into public focus one of the most important problems confronting this area, the improvement of transportation facilities through the Upper Peninsula.

The Republican leaders adopted a resolution calling for a study of transportation needs and transportation problems in the area.

It is urgent that this be done as soon as possible. The construction of the Straits of Mackinac bridge will speed the flow of traffic in the peninsula, particularly along the main east-west route, US-2. To meet the requirements of this traffic, some drastic revision of our highways will be necessary. In many areas four-lane highways will be required. In others existing highways will have to be reconstructed.

Words, Wit & Wisdom

By William Morris

Each year a new generation of undergraduates asks: "Why on earth do they call it 'commencement' when for most of us, it means the ending of formal education?" And a good question it is.

"Commencement" from the Latin words cum and initio—to go into together—quite literally means a beginning. The reason why it is used to designate the day on which college education ends is, of course, because the ending is also a beginning—the start of the new career or vocation for which college has trained the student.

One wonders, in passing, what generations of commencement speakers would have done for speech material if this seeming paradox of the "beginning in the end" had not been ready at hand. Across our great land this very day, thousands of speakers are saying, "What is the real meaning of the word 'commencement'? I say to you young people . . ."

Grade and high schools by contrast usually and properly designate their ceremony "graduation." From the Latin gradus—step or grade—this indicates that a pupil has completed an important step toward his educational goal but that more remains to be accomplished.

Incidentally, an "educational" word once common in this country and still widely used in Great Britain is "matriculate." Pronounced muh-TRIK-yoo-late, it comes from the Latin word matrix (roll or register) and means to enroll in a college or university. Our simpler words "register" and "enter" seem to have usurped "matriculate's" place and its use would today almost appear an affectation."

Last in our group of commencement words of Latin origin—and perhaps the most unusual—is baccalaureate, the degree of bachelor of arts or science. Baccalaureus originally was the Latin word for farm-servant; indeed, many authorities believe it can be traced back to vacca, meaning cow.

In feudal times, a "bachelor" was a young knight serving under another's banner, one not yet admitted to the full honors and dignity of high station. Thus, it logically came to mean a university student who had taken a degree below that of master. And today's common meaning of bachelor—an unmarried man—follows obviously from the fact that almost all undergraduate students were unmarried until recent days when the GI Bill of Rights educational program spawned a notable crop of married "bachelors!"

Good old summer is coming up—when scales will be the only things adding much weight to fish stories.

The Doctor Says . . .

Sulfa Drugs And Antibiotics Ordinarily Thwart Meningitis

By EDWIN P. JORDAN, M. D.—Written for NEA Service

The tragic experience recounted in today's first letter is fortunately much more unusual than it was a few years ago, before the days of the sulfa preparations and the antibiotics.

Q—Please comment on acute meningitis and its cause. Our little girl died in December after several months in the hospital from this disease. She was 14 and at 8½ months had an operation for water on the brain from which she recovered all right.

Mrs. E. Z.

A—Acute meningitis is almost always caused by germs. The so-called epidemic variety is caused by a germ known as the meningococcus, but other germs can also cause acute inflammation of the lining of the spinal cord and brain known as the meninges.

Most of these germs yield to penicillin or other antibiotics or to the sulfas, but there are exceptions as occurred in this tragic case. Whether the water on the brain when the girl was an infant had anything to do with the fatal outcome is impossible to say.

Q—Please inform me of the nature of a disease called Guillain Barre syndrome.

R. H.

A—This is a disease of the nervous system of unknown cause although viruses may have something to do with it. The nervous symptoms vary widely and may or may not be fairly extensive. It has to be differentiated from polio and other largely nervous conditions.

As yet there is no specific treatment for

it. Recovery may begin within a few weeks and progress rapidly or may be quite slow, lasting for months.

Q—I am 16 years old and having trouble with breaking capillaries in my legs. Is there anything which can be done to stop this trouble?

Miss C.

A—A good many people are troubled with fragile blood vessels on the surface of the skin, particularly the legs. Why this should happen in some and not in others is rather obscure. Regrettably, in most cases there is not a great deal which can be done.

Q—My husband died suddenly a year ago of coronary occlusion. Now my 14-year-old son has a rapid pulse and some other heart signs, the doctor says. Could this cardiac condition in my boy be inherited and related to the coronary condition of my husband?

Mrs. H.

A—Coronary occlusion is not inherited directly and the boy's heart condition is probably the result of something entirely different. From what is said in the letter the boy should be watched closely until an accurate diagnosis can be made and it can be decided just how much and what he should do.

Q—I surgery for falling of the womb a dangerous operation?

Mrs. S.

A—if the condition is uncomplicated and the surgery is in competent hands the operation should not be dangerous.

Q—Please inform me of the nature of a disease called Guillain Barre syndrome.

R. H.

A—This is a disease of the nervous system of unknown cause although viruses may have something to do with it. The nervous symptoms vary widely and may or may not be fairly extensive. It has to be differentiated from polio and other largely nervous conditions.

As yet there is no specific treatment for

Merry-Go-Round

By DREW PEARSON

WASHINGTON—It was no accident that Senator McCarthy began his testimony in front of a map with a carefully prepared lecture on Communism's growth around the world. He and committee counsel Ray Jenkins had carefully cooked up this program in advance, and the Tennessee's raspy voice turned to honey as he prompted Joe to step up to the map and give the lecture for which he usually charges \$1,000 to \$2,000.

Next time McCarthy launches forth on a talk of this kind, which has nothing to do with Private Schine and the reason for the hearings, here are some questions senate cross-examiners might ask him:

1. Why did you accept the support of the Communist Party when you ran for the senate in Wisconsin? When Communist endorsement was called to your attention, why did you make a public statement welcoming it?

2. Why, if you are opposed to the Communism advance in the world, did you vote to cut the Marshall Plan, which has helped halt the Communist advance in Europe?

3. You also voted down the line with ex-Congressman Vito Marcantonio of New York, the lone pro-Communist in congress, against the Point Four program to aid underdeveloped countries. Why did you side with the Communists on this issue?

HELPING KREMLIN

4. Russia has spent billions of rubles to build jamming stations to drown out the Voice of America. Yet you not only voted to strip the Voice's funds, but deliberately set out to sabotage our overseas information program. Why have you done what the Soviet has spent money to do?

5. The Communist Daily Worker campaigned brausly against foreign military aid. Why did you follow the Daily Worker line and vote to cut foreign military aid, including arms for Korea?

6. The Communists booted General George Marshall when he was awarded the Nobel Peace Prize for strengthening the bulwarks against Communism. Why did you also attack General Marshall in a senate speech, just as vicious as any Communist diatribe against him? Why have you mailed thousands of copies of this speech around the world?

7. Russian diplomats are doing their utmost to discredit our State Department and undercut our foreign service. Why have you done the same?

8. Another major Soviet goal is to disrupt the U. S. Army and shake GI confidence in their leadership. Why have you helped them? Your attacks on the U. S. Army have accomplished more to shake Army morale in a few weeks than the Communists have accomplished in years. Why did you embark on this?

MALMEDY MASSACRE

9. In 1949, a German Communist agent, named Rudolph Aschenauer, was assigned to whip up anti-American feeling in Germany. He accomplished this by sending you charges that the U. S. had tortured German war criminals. You aired these charges on the senate floor. Then the Communists spread your speeches around Germany. Why did you lend your position as a U. S. senator to helping smear the United States in Germany?

STALIN'S PREDICTION

10. You have accepted thousands of dollars from little people, who entrusted you with their money in order to fight the Reciprocal Trade Program, let them declare their purposes and fight for them. Then the issue will be drawn for all to understand, or the President surely would array himself in yeas to further and further away from us, partly because they think you are making a Fascist nation?

If it is the real desire and intent of sizable forces in Congress to kill the Reciprocal Trade Program, let them declare their purposes and fight for them. Then the issue will be drawn for all to understand, or the President surely would array himself in yeas to further and further away from us, partly because they think you are making a Fascist nation?

11. Stalin predicted that after the war the allies would fall apart, at which time Russia's great opportunity would come to be the balance of power and dominate the world. That prediction did not come true during Stalin's lifetime. But do you realize, senator, that this year our allies are leaning further and further away from us, partly because they think you are making a Fascist nation?

12. The Communists do a lot of breast-beating about civil rights. Yet there are no civil rights in Russia. They shout about the down-trodden Negroes, yet they don't care about the Negroes except to exploit them. They also beat the drum for slum clearance, though they secretly delight in slums, which are breeding roles for Communism. Isn't it true that, in spite of all the Communists fuming against you, they are no more sincerely anti-McCarthy than they are sincerely pro-civil rights? Isn't it true, as FBI counterespionage Herb Philbrick said, that the Communist leaders "really love McCarthy"? Don't they shout against McCarthyism because they would like the world to confuse McCarthyism with Democracy? Because Communism looks much better compared with McCarthyism than compared with true democracy?

13. Lenin once said: "When the American bourgeoisie arrests thousands of persons suspected of Bolshevism and creates an atmosphere of panic in spreading alarming rumors about Bolshevik plots, we can bow to and thank the capitalists. They are working for us."

Aren't you afraid, Senator McCarthy, that you are on the way to fulfilling Lenin's hopes?

When the bureau uncovers John Doe, aged 65, listed in the 1900 census records as 11 years old, that's all the proof needed. With this evidence Doe can obtain a "delayed" birth certificate from his home state.

In 1942 the bureau weathered an onslaught of requests from workers trying to prove citizenship to take defense jobs. Early census records asked what year a person immigrated to the United States and what year they were naturalized.

Name-changing and name evolution in this land of immigrants don't make the paper work any easier.

To beat the problem the bureau employs an ingenious filing system called Soundex. Some 100 million cards containing about 400 million names are arranged alphabetically. Names that sound alike (such as Martin, Mardon, Merton, Morton and Morden) are grouped under the same code number to compensate for spelling errors.

Say Joe Blow Martin, minus his birth certificate, gets the bureau working on his case. He remembers that his father and mother Harvey and Hazel, lived in Orange County, N. C., when the 1920 census was taken.

In the bureau code the various Martin spellings—based on consonant values—are M-635. The searcher takes the North Carolina file for 1920, checks the M-635 drawer and finds that the head of a household, one Harvey Martin, married to Hazel, had a son Joe Blow, at the time 11 years old.

And, of course, the card gives the address and other important information.

The Federal Census began in 1790 and has been taken every

Stumped

One Name In 400 Million, But U.S. Census Bureau Will Find It

By PATTI SIMMONS

WASHINGTON—(NEA)—Ladies who fibbed about their ages and wish to come clean are among the many Americans who send SOS's to the U. S. Census Bureau.

Now and then the bureau receives a confession letter from a lassie who deducted a few years, perhaps from her marriage license, and is anxious to right the record in order to claim things like social security or retirement pay.

But it costs madly to prove she's as old as she once supposedly wasn't.

These charges result from a Congressional ruling that services performed by Uncle Sam for an individual must be paid for.

Milton D. Swenson, who heads up the bureau's personal census service section, can't say that women correspondents have done any more fibbing about age than men.

For both, dishonesty figures in only a small number of cases. What about the people who have no legal proof of their birth and citizenship? Swenson estimates that some 40 million Americans are in this boat.

Before 1920 there was no uniform system of birth registration in all states.

Today the government averages 10,000 requests a month from people who need to prove their birth, age or citizenship. Besides social security or retirement pay, reasons might be to collect insurance, settle estates or obtain passports.

When the bureau fails to find a client in its forest of Soundex, the next step is to look into their miles of microfilm.

Here names are arranged, not alphabetically, but in the order in which they were recorded in house-to-house canvasses. With map in hand, say for 1910, the searcher decides from a given address in that year what census district the client lived in. Next the microfilm hunt begins amid the original 1910 census records of that district.

YOUR NAME IS PROBABLY HERE: Census Bureau employee Mrs. Helen Y. Thompson looks up name in bureau's Soundex files.

10 years since. Nevertheless, Uncle Sam now has transcribed on Soundex (and neatly stashed into 1783 filing cabinets) only the census years for 1880, 1900, and 1920.

* * *

Swenson explains it would cost seven to 10 million dollars to put another census year on Soundex. Census documents predating 1880 are preserved in the National Archives. The 1880 records were lost in a fire. Current records are housed in a multi-winged building in Suitland, a nearby Maryland suburb.

When the bureau fails to find a client in its forest of Soundex, the next step is to look into their miles of microfilm.

Here names are arranged, not alphabetically, but in the order in which they were recorded in house-to-house canvasses. With map in hand, say for 1910, the searcher decides from a given address in that year what census district the client lived in. Next the microfilm hunt begins amid the original 1910 census records of that district.

It will cost 53 cents of your \$14.96 to finance sewage disposal; garbage disposal will cost 60 cents; parks and forestry 59 cents; recreation 56 cents; yacht harbor and municipal dock 5 cents; water front development 44 cents; city planning 8 cents; welfare 2 cents; airport 14 cents.

There are other items, of course, such as civil defense, costing 1 cent; and contingencies fund 56 cents.

THE ADVANTAGES—In summary, here are the advantages you receive by living within the city limits of Escanaba:

Utility services, including gas, water, electricity, sewage disposal; police and fire protection; band concerts and recreation; swimming beach and park maintenance and improvement; street cleaning and the trimming of street trees; plus engineering for public works and many of the improvements themselves.

And some of Escanaba's municipal services spill over to the benefit of those who reside in the area—an airport, farmer's market, parks, band concerts, swimming beach. These facilities Escanaba citizens and taxpayers gladly share with their neighbors.

Little by little the coupe assumed a new shape. The shape of the nose changed to a simple curve. The fenders changed, too, sweeping back, dipping gently, fading into the body.

It was combed back, so to speak, given a curved windshield, a graceful slope and a flowing rear deck. And when it was assembled, he was ready to paint. He wanted at least seven coats when the color had been decided upon.

He was sanding on it the night Sharon came in to ask about upholstery materials.

Sharon looked at the unpainted body of the new coupe. "You did it."

"Did what?"

"The lines you wanted. Even now it has a look of lightness, of flight, almost. As though it would be as light and graceful as a bird. It's terrific."

"I see it jet black," Ricky said, sitting down tiredly.

"Like nine out of 10 others will be."

"What else?"

"I saw an interesting color combination for home decoration in a magazine. It combined pink, brown and copper."

"Pink!" Ricky yelled. "Pink! Not my coupe, lady."

"I thought you'd react like that," Sharon said. "So I brought a little model car and painted it that way. Soft pink, brown and copper. Like this."

She unwrapped the little car she had brought and Ricky's eyes bulged. It was something!

The body of the car was a soft, glowing pink. The wheels and other metal trim had been tinted a coppery color instead of the usual chrome. The interior was the brown of good leather. The wheel was white, the dash a natural-wood tone. All metal parts were also coppery.

"Well?" Sharon asked.

Ricky looked from the little model to his coupe, seeing it done the same way.

"You've got it," Ricky said. "You've got it. You're a terrific partner. I . . . I could kiss you for that."

"Do you need other reasons?" Sharon teased.

The coupe's fate was decided. It would be pink, brown and copper.

O-JIB-WA BITTERS DID IT AGAIN

DID WHAT? Brought results to a sufferer of rheumatism and arthritis when everything else had failed. The following statement of Mr. L. C. MacLangs, 407 Sinclair Ave., N.E., Grand Rapids, is typical of the thousands received by us in our 40 years as Michigan's leading medicine.

"Until 18 months ago, I had always enjoyed good health. Then all this, my right shoulder hurt one morning. I woke up suffer pretty bad, and you can't imagine from rheumatism and lifting my arm to shave. After 6 months of trying this and that, seemed to have and about everything, without results, I decided to give O-JIB-WA BITTERS a chance. My two daughters who are nurses, were mostly in my hip, legs and right shoulder, and it's hard to realize how terrible pains I suffered. It was all but impossible to get up or down the stairs, and I could get around only with the use of a cane. Often my muscles seemed to freeze up and I couldn't take a step without stumbling. My hip would also catch and every move I made was with intense pain. I had poor circulation too, and my toes would cramp up and I couldn't even move my ankles. Besides

Paper Company Issues Report

The Escanaba Paper Company showed a net profit of \$431,793 after paying \$523,000 in federal taxes for the year ending in December, 1953, the annual report to stockholders reveals.

This figure compares with a net profit of \$460,187 for the preceding year.

Total net sales of paper for the year amounted to \$9,239,650 and tonnage sales of paper for the same period amounted to 47,716 tons with a decrease of 1,173 tons from last year.

In commenting on the conditions of the paper industry, E. G. Bennett, president of the Escanaba Paper Co., said, "Business conditions in 1954 up to the present time have been satisfactory, but highly competitive. The demand for uncoated groundwood specialties has been somewhat spotty, resulting in a certain amount of curtailed operation on the paper machine manufacturing those grades."

"However," he continued, "our machine coated business, which is manufactured on the other machine, has been very good, permitting full operation on that machine since the first of the year."

Explaining economical conditions in the paper industry in 1954, Bennett said, "Some misgivings were felt at the first of the year as to prospects for the year 1954, but conditions in the paper industry have been improving, particularly in the grades which we manufacture, and therefore feel justified in anticipating a reasonably full operation for the balance of the year. This, if conditions continue as they are now, should result in at least as satisfactory a year as 1953."

St. Mary's Church Damaged By Fire

PESHTIGO—St. Mary's Catholic Church here was extensively damaged at mid-morning Monday when fire broke out in the west sacristy. Cause of the blaze was unknown. The church is at Oconto and Ellis Aves.

Although no official estimate was made of the damage, it was believed it will run well over \$10,000. The Rev. Edward Buyarski, pastor, said that one of the sisters teaching catechism classes discovered the fire. She was about to take a class of pupils into the church to practice for first holy communion.

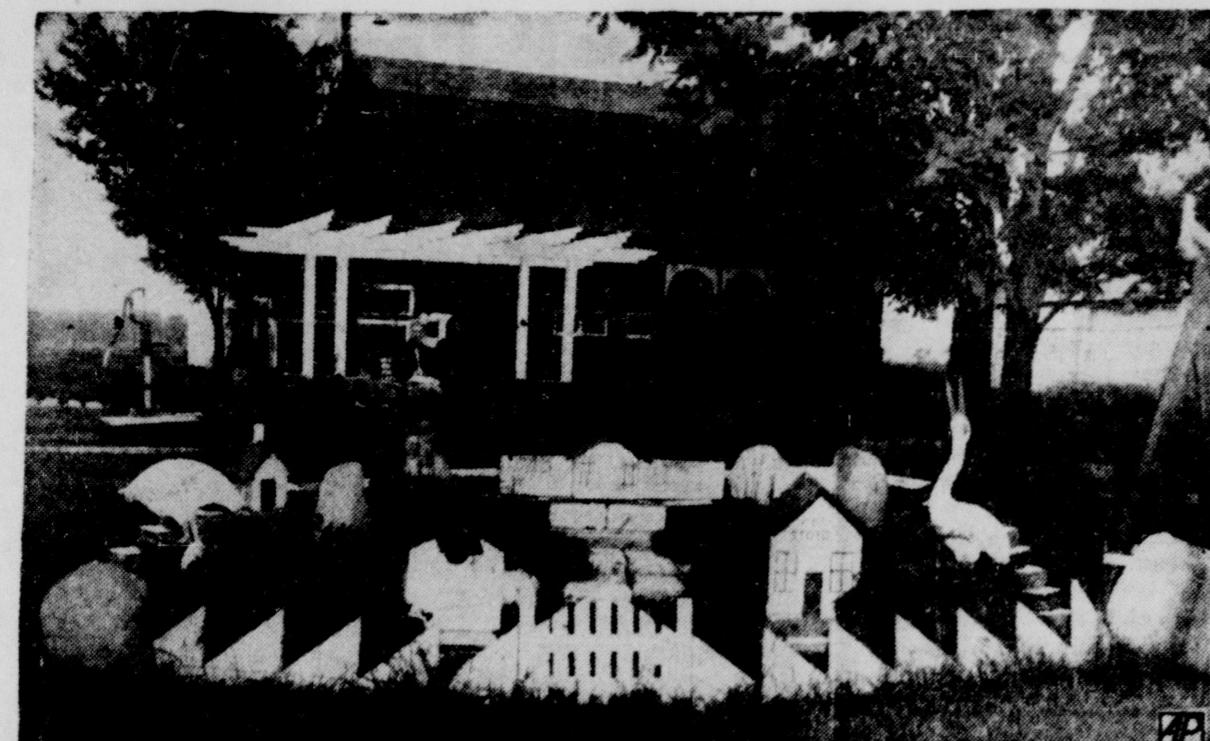

As she entered the church, she discovered flames and smoke billowing from the west sacristy. The children remained outside as she ran to notify Father Buyarski. He said that he removed the blessed sacrament and by that time a call was placed to the city hall for the fire department.

The firemen quickly checked the blaze, confining it to the sacristy area which was gutted. But smoke and water caused extensive damage in the main body of the church and in the east sacristy where the vestments were kept.

No one was overcome or injured while fighting the fire.

MINIATURE VILLAGE IN FRONT YARD—A miniature village is featured among the novelties which decorate the lawns of the Henry Seeburger home near Midland, Mich. Mr. and Mrs. Seeburger, ages 83 and 74, pause to enjoy the swing and contemplate additional projects. This village features a "ranch" house, a corner store,

and other miniature homes situated on a knoll and enclosed by a white fence. In the background is an arbor housing a swing seat. Seeburger is a former carpenter and decorator and executes most of the projects. The ideas come mainly from Mrs. Seeburger. (AP Photo)

Red Cross Returns To Old Method Of Disaster Campaigns

LOS ANGELES (AP)—The American Red Cross is going back to its previous method of special disaster campaigns.

Failure of disaster-stricken communities to reimburse the Red Cross for funds advanced in time of emergency is responsible for this decision, E. Ronald Harriman, national chairman, said Monday in addressing the national convention.

"Communities that don't help themselves in the total responsibility of a disaster can scarcely expect in the future to be recipients of nationwide generosity."

"Largely due to our reluctance in recent years to go before the public in special appeals, the generosity of the public, lacking a point of focus, has been scattered among various local funds and organizations," he said.

"Now I'll say this: when a community wishes to spend disaster funds raised by its own citizens in its own way, it has every right to do so. But first things come first."

"In Flint, Mich., when the tornado hit last June, Red Cross immediately moved in to meet the needs of the sufferers. We spent nearly \$600,000, contributed by all the country. Meanwhile, a committee in Flint solicited funds and received \$90,000.

"Not one cent of this was turned over to the Red Cross to meet its needs. On the contrary, after Red

Briefly Told

Child Has Skull Fracture — James Boudreau, 4, son of Mr. and Mrs. Adelore Boudreau, 318 S. 8th St., who was injured Sunday when he ran into the street from behind a parked car and was struck by an automobile driven by William Berfield, suffered a skull fracture. X-rays taken at St. Francis Hospital revealed today. The child will be confined to the hospital for some time.

The famed pony express which carried mail to and from California lasted only 16 months, starting in 1860.

Churchill And Eden Come To Washington

By JOHN M. HIGHTOWER

WASHINGTON (AP) — Britain's Prime Minister Churchill will meet President Eisenhower here in ten days. And Secretary of State Dulles said today he hopes the informal talks will lead to closer understanding on collective defense of Southeast Asia against communism.

Presidential Press Secretary James C. Hagerty, announcing the forthcoming visit, told reporters there will be "an informal meeting between the President and his two old friends" without any formal agenda.

Contracts Awarded For New Ore Research Building At Houghton

DULLES met newsmen for his weekly conference a few minutes after the White House had issued a brief announcement that Churchill and Eden will visit the President over the weekend of Friday, June 25.

Presidential Press Secretary James C. Hagerty, announcing the forthcoming visit, told reporters there will be "an informal meeting between the President and his two old friends" without any formal agenda.

The officials said the German Shipping Assn. has agreed not to carry such shipments in the future.

The West German government blocked shipment of the six tons of 20mm. antiaircraft shells May 20 at the request of the U. S. High Commission. The shells were described as having solid warheads without armor-piercing ability but capable of causing havoc when fired from level weapons as light artillery.

He said a committee named by the National Council of Churches has been watching developments "that threaten the freedom of any of our people or their institutions, whether through denying the basic right of freedom of thought, through Communist infiltration, or wrong methods of meeting that infringement."

He said he expected "a forthright statement that should be salutary" when this committee reports to the biennial assembly of the council at Boston in December.

Dr. Benson heads the National Lutheran Council, embracing eight Lutheran bodies aggregating five million members. The Augustana group, with headquarters in Minneapolis, includes 1,196 congregations and with 500,000 members is the 5th largest of 18 Lutheran bodies in the United States and Canada.

The successful low bidders on the ore research building were Herman Gundlach, Inc., of Houghton, \$348,995 on the general construction; Mario Branz Co. of Iron Mountain, \$101,557 on the mechanical work, and Cloverland Contracting Co. of Crystal Falls, \$43,706 on the electrical work.

Mr. Deloria was elected to fill the vacancy on the school board left by Louis Pamperin, who recently resigned. Other candidates in the election were Mrs. Mary Aper, who received 81 votes, and N. J. Sharkey, who received 61 votes.

The program chairman for the day was Robert Schmeling.

About 55 per cent of U. S. births took place in hospitals in 1940 compared to 88 per cent in 1950.

Soil Conservation Practices Explained To Escanaba Kiwanis

How the federal soil conservation service is helping to halt erosion ruination of Delta county farms was described for the Escanaba Kiwanis Club Monday in a talk by Irwin TenHaken, who is the local soil saving district supervisor. The discussion was graphically illustrated with color photographic slides which showed how wind and water erosion carried away fertility of farm lands.

In most cases there were before-and-after pictures illustrating soil-saving methods such as contour plowing, strip cropping and sodding of drainage areas.

Another phase of soil conservation touched upon by Mr. TenHaken was tree planting, which he recently resigned. Other candidates in the election were Mrs. Mary Aper, who received 81 votes, and N. J. Sharkey, who received 61 votes.

Mr. Deloria was elected to fill the vacancy on the school board left by Louis Pamperin, who recently resigned. Other candidates in the election were Mrs. Mary Aper, who received 81 votes, and N. J. Sharkey, who received 61 votes.

The extent of the rise was limited, and there were several backward spots.

Gains went to between one and two points while losses were usually in the small fractions.

Volume was at a rate around Monday's unusually low 1,420,000 shares.

Better acting stocks included

Bethlehem Steel, Glenn Martin, Celanese, Santa Fe, Southern Railway, Paramount Pictures, Kennewick Copper, Du Pont, Westinghouse Electric, General Electric, Boeing, and U. S. Gypsum.

A little lower were Montgomery

Ward, Caterpillar Tractor, Admiral Corp., American Telephone, and Commonwealth Edison.

Civil Defense For Homes? Congregation Finds Answer

By JAMES HUTCHESON
AP Newsfeatures

TACOMA, Wash. — A Tacoma pastor and his flock believe they have the answer to the question: "What can we, as average families, do to prepare for a civilian defense emergency?"

The Rev. DeWitt S. Osgood of the Central Seventh-day Adventist Church, who once was a medical student, explains:

"As I talked to the folks and to doctors, I would ask: 'What can we do?' This is what evolved."

He pointed to a battered-looking can, painted a spotless white and lettered in red: "Disaster Kit."

The can was an old 25-pound shortening container.

It was one of the kits that were prepared in a joint effort by the congregation—by salvaging, soliciting and buying—and which now stands ready for emergencies in the basement of each of the more than 200 church families.

Val Peterson, United States civilian defense director, sent a "fine work" commendation to the church.

The project has drawn praise from the mayor and the local civilian defense director.

They lauded it as a step to have the supplies where they would be needed first and worst—at the home level—without the delay of distribution from a collection center in an emergency.

Frank Evans, city CD director, commented:

"These people have done an outstanding job in providing these kits for their homes. We are hoping to get all churches in the city to do the same. I certainly approve and give my blessing to the project and wish every home in Tacoma could have the same thing."

The idea shows promise of spreading to other church and non-sectarian groups.

"The first essential was to get the kits in cheap form," explained Osgood, who came here from Chicago two years ago.

"Members of the congregation and their children solicited the cans and then collected old sheets, shirts, etc., which were cleaned, cut up and wound into bandage rolls.

"Then boys collected tomato crates and cut up the slats for splints. We collected bottles and jars and sterilized them, and the women bought unbleached muslin and made bags for various-sized dressings. They used medical equipment for sterilizing them.

"A drugstore gave us 300 rolls of war surplus adhesive tape and we got petroleum jelly in 25-pound drums after we were told it was as good as anything for burns."

A jar of the petroleum jelly in a sample kit still bears on the lid its original "peanut butter" label. The kit cans were filled by individual families cafeteria style. A member of each family filled a can from the array of the supplies laid out on tables.

"We bought gauze and cotton by taking up two special offerings at church," the Rev. Mr. Osgood said. "We figure the ac-

PREPARED — Church members assemble the items which go into the home disaster kits.

tual cost of the contents of each kit came to about \$4 and estimate the cost would have been about \$19.25, if the materials were bought ready-made."

A 15-page set of instructions also is given each householder, prefaced by the admonition:

"Your first defense is God; Your first preparation is prayer."

The pastor who sparked the plan came to Tacoma from the Beverly Hills Seventh-day Adventist Church on Chicago's South side. He previously had been the church's Iowa State Conference president six years and North Dakota's for two years.

Miss Fallmer, Leonard Platt In Bridal Rites

St. James Episcopal Church in Dexter, Mich., was the scene of the afternoon wedding of Miss Marcella Anna Fallmer, daughter of Mrs. Frederick Fallmer of Escanaba and the late Mr. Fallmer, and Leonard Arthur Platt, yeoman first class, U. S. Naval Reserve, son of Mr. and Mrs. Leonard D. Hall of Dexter. The bride was given in marriage by her brother-in-law, Ray Rouse of Escanaba.

The bride selected a ballerina-length gown of white lace over net with the bodice fashioned in princess lines with a sweetheart neckline. Her fingertip illusion veil was attached to a coronet of matching white lace set with seed pearls. She carried an orchid covered prayer book with streamers of white. Her jewelry was a single strand of tiny pearls, the bridegroom's gift.

Sister, Matron Of Honor

Her sister, Mrs. Wiley Steele of Detroit, matron of honor, wore a ballerina-length gown of silk organza and tulle of iridescent mauve hues with a matching headpiece. She carried a bouquet of pink roses bordered with spring flowers of harmonizing shades.

Assisting Mr. Platt as best man was Edward Braden of Dearborn, and John Mulligan and Ernest Peace of Dexter, who ushered.

For her daughter's wedding Mrs. Fallmer wore a navy blue sheer frock with white accessories. Mrs. Hall wore a gray print dress of paper taffeta and accessories of gray. Their corsages were red Hap-piness roses.

At the reception in the church house immediately following the ceremony, Mrs. James Cassidy of Chicago, Mrs. David Wolfgang, Mrs. Lawrence Berro and Mrs. Ray Rouse, sister of the bride, poured and Mrs. Clifford Richmond, of Cark, S. D., a sister of the bridegroom, was in charge of the guest book. Also assisting were members of the Ladies' Auxiliary of St. James Church.

Honeymoon In New York

Mrs. Platt wore a suit of gold colored gabardine with navy accessories and the orchid from her prayer book arrangement when the couple left for a honeymoon trip to New York City. They will reside in Dearborn where Mr. Platt presently is on active duty until July when he will be transferred to St. Paul.

Guests were present from Escanaba, Racine, Chicago, Clark, S. D., Detroit, Dearborn, Ann Arbor and Dexter.

Color Is Right At Any Age

By ALICIA HART NEA Beauty Editor

Traditionally, women's hats reflect the color and gaiety of spring. But many women respond in other ways to the most feminine of seasons.

The important thing is that you DO respond. Whether you are 18 or 80, add color to your wardrobe this season.

It's unfortunate that some mature women limit their costume colors to the neutral shades. Wearing only black, gray and brown season after season can't help but injure any woman's morale.

If you've become so accustomed to these background shades that you hesitate to plunge into color now, use it only in tiny touches.

You don't even have to go so far as to buy your hat and gloves in a bright color.

Instead, select a black straw hat trimmed with little colored flowers, or with white flowers centered with a flash of color.

Then buy plain, white cotton gloves, and trim the wrists with bits of chiffon in the same bright shade.

And confine your jewelry to just one or two pieces that also carry out the gay color note.

Bethany Aid Meeting

The Ladies' Aid of Bethany Lutheran Church will meet at 2 p.m. Wednesday at the church. Mrs. George Quirk will be hostess.

Italian Shirts For Dad

If you want to make a hit with Father, give him an Italian style shirt for Fathers Day.

Having set new trends in women's fashions, jewelry, linens and automobiles, Italian designers now are turning their attention to men's wear. A top Italian firm this year is exchanging ideas with a leading American men's wear manufacturer — and the results are sensational.

The new Italian-designed shirts are widely distributed throughout this country, and have a subtly different look. They are done in handsome fabrics and restrained colors, distinguished in cut, comfortable to wear.

The short woman who is well-proportioned should not feel she cannot wear any fur piece. One of the capes that are so lovely with spring suits and dresses can look very well on her provided she selects one that is shorter than waist length.

Nancy Mundela, Edmund Roschky Wed At Spalding

Mrs. Nancy Mundela became the bride of Edmund Roschky at a ceremony Saturday, June 12, at 10:30 a.m. at St. Francis Xavier Church in Spalding. The vows were spoken before the Rev. Walter J. Franzek.

The bride is a daughter of Mr. and Mrs. Samuel Napier of Charleston, W. Va. Mrs. Joseph Roschky of Spalding is the bridegroom's mother.

The bride wore an orchid nylon dress with white accessories. Her corsage was red roses and white carnations. The bridegroom's sister, Mrs. Frank Peklowski of Bark River, who attended her, wore a blue nylon dress with white accessories. Her corsage was like the bride's.

James Paiser of Menominee, brother-in-law of the bridegroom, was best man.

The bridegroom's mother wore a wine suit with white accessories. The reception for 50 guests was held at the Roschky home. Miss Helen Roschky and Miss Patricia Jackson assisted in serving.

The newlyweds will honeymoon for two weeks in Ohio, Virginia and West Virginia.

Wedding guests included Mr. and Mrs. Willard Ledger, Mr. and Mrs. Frank Harris and Mr. and Mrs. Anthony Roschky and Patsy of Racine, Mr. and Mrs. James Paiser of Menominee, Mr. and Mrs. Frank Depulta, Perronville, and Mr. and Mrs. Frank Peklowski and sons of Bark River.

Grand Marais

Birthday Party

GRAND MARAIS — Michael Meldrum, son of Mr. and Mrs. Harold Meldrum, celebrated his sixth birthday, Saturday, June 12, with a few friends. The boys enjoyed lawn treasure hunt, along with a competitive archery contest and ball throw games. Timmy Meade, Coco Picel and Greg Lundquist won prizes. Attending were Scott Thorrington, Pat Mulligan, Timmy Meade, Charles Picel, Greg Lundquist and Michael's sister Mary Katherine.

Briefs

Mr. and Mrs. Leslie LaVigne and daughters Lois and Irene have returned to Detroit after spending a short vacation at their home here.

Mrs. Sophia Pokropovich has returned to her home here for the summer. She was accompanied by her daughter Sophia Givens and her grandson Charles and granddaughter Frances.

Mr. and Mrs. Carl Gibbon spent a few days recently visiting relatives in Detroit.

Mr. and Mrs. Ivan McLeod and son Bruce have left for California after spending a month there at the home of her mother, Mrs. Sarah Senecal.

Mr. and Mrs. Raymond Abernathy and daughter, Ramona, of Columbia, Tenn., are visiting with Mr. and Mrs. William L. Peters, 2316 1st Ave. S. Mr. Abernathy is a brother of Mrs. Peters.

Social-Club

Evening Star

The Evening Star meeting, which was to be held this evening, has been postponed.

Perkins

At Retreat

PERKINS—Father Charles Daniel of St. Joseph's Church, Perkins, is attending the Priests' Retreat at Marygrove, Garden, this week. He will return to his parish duties Saturday.

Religious Summer School

Religious summer school for children will be conducted by Sisters of Notre Dame at the Perkins High School beginning Tuesday, June 22. The class will receive First Holy Communion Sunday, July 11.

Bethany Aid Meeting

The Ladies' Aid of Bethany Lutheran Church will meet at 2 p.m. Wednesday at the church. Mrs. George Quirk will be hostess.

THE FORMER

Marcella Anna Fallmer, daughter of Mrs. Frederick Fallmer of Escanaba and the late Mr. Fallmer, became the bride of Leonard Arthur Platt in a ceremony at St. James Episcopal Church in Dexter, Mich. The couple will live in St. Paul after July 1.

Church Events

Christian Science Society

"Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the Lesson-Sermon to be read at the Christian Science services Sunday.

Man's dominion over all materiality is stressed in the readings from the King James Version of the Bible as well as those from "Science and Health with Key to the Scriptures" by Mary Baker Eddy. The Scriptural selections include the account as given in Matthew 14:22-32 of how Christ Jesus and Peter walked on the sea.

John J. Stratton Parents Of Son

Mr. and Mrs. John J. Stratton of Detroit are the parents of a son, Thomas John, their first child, born June 8. Mrs. Stratton is the former Margaret Harrington of Detroit. The baby's father is a son of Mrs. Ed M. Stratton Sr. of Kippling.

Births

A son, John Oliver, was born to Mr. and Mrs. Robert G. Yapp of Atlanta, Ga., yesterday, June 14. Mrs. Yapp is the former Mary Jacobs. The infant is the third son and fourth child in the family.

Children and Mrs. Stanley Krackowski and daughter of Port Washington are visiting here with their parents, Mr. and Mrs. Russell Mulligan and Mrs. Irwin Pugh. Mrs. Krackowski and daughter will remain here.

Mr. and Mrs. Victor Buckland of Flint spent a few days here. They were accompanied back to Flint by his parents, Mr. and Mrs. James Buckley, who will visit there.

Mr. and Mrs. George Bader of Detroit are visiting here with relatives. They are guests at the home of her brother, Henry Pettinger.

Mr. and Mrs. Bob Pugh and

PROOF of its Healing Power

The way to health and harmony among men is earnestly and unselfishly sought by both Science and Religion.

Many divergent methods confront mankind. But the claims of all ultimately submit to one test — the test of proof.

The final chapter in the Christian Science textbook, "Science and Health with Key to the Scripture," by Mary Baker Eddy, consists of 100 pages of unsolicited testimonies from persons healed by reading this book alone.

All testimonies have been carefully authenticated. All manner of disease and discord has been cast out permanently and promptly. This is the proof that Christian Science provides of its healing power.

"Science and Health"

By Mary Baker Eddy

May be read, borrowed or purchased at the Christian Science Reading Room.

This Is A New Apple Pie Trick

By CECILY BROWNSTONE
Associated Press Food Editor

HERE'S A NEW WAY to make that old favorite, apple pie. The oatmeal crust, with its nut-like flavor, is rolled out to fit individual tart pans. Then a rich brown sugar and custard-type filling goes over layers of tart apples. A cinnamon stick is inserted in the center of each pie to help keep juices from bubbling over.

When your pies come from the oven, all beautifully baked, put them on individual pie plates. Garnish each plate with a "love apple" and a few huckleberry or other small green leaves. To make the "love apples", roll a spoonful of sharp soft cheddar cheese between the palms of your hands to form a small ball; dip two sides in paprika for a pretty apple blush and stick a clove in the top for a stem.

INDIVIDUAL APPLE PIES

Ingredients: For Crust — 2 cups

INDIVIDUAL APPLE PIES made with oatmeal crusts.

Escanaba Church Is Commended At Conference

Escanaba Seventh-day Adventists were commended in a special service Saturday for the part in the church's growth as reported at the Adventist's Quadrennial World Conference concluded last week in San Francisco.

Pastor R. E. Eckerman, reporting officially to the Escanaba Church, said that "participation by Adventists in the conference by a great majority of members here helped to make possible the unprecedented growth of the Adventist denomination as revealed at the San Francisco World Conference." More than 25,000 persons from 98 countries attended the conference, he said.

Mr. Eckerman said there are approximately one and one-fourth million adherents to the Adventist faith and that baptized adult membership is expected to pass the million mark in the next few months.

Emphasized Teaching

He said the San Francisco Conference emphasized a cardinal teaching of Seventh-day Adventists — belief in the approaching Second Advent of Christ. This subject, Mr. Eckerman pointed out, is being seriously studied and discussed today among many church groups.

Total giving of the Adventists in 1953 amounted to more than \$60 million dollars in regular tithes and offerings, the pastor said. "Per capita contributions in this country," he said, "reached a record \$181.57. Escanaba Adventists kept pace with this growth." This represents an average increase of

\$44.50 per capita over 1949 giving, as reported at the 1950 quadrennial World Conference of Seventh-day Adventists.

Mr. Eckerman said the denomination reported last week that it has entered and is carrying on work in 197 of the officially recognized 230 countries in the world. He added that 721 languages and dialects are being used by the Adventists, with publications being issued in 198.

Parochial School System

Adventists operate a world wide parochial school system, which was reported at the San Francisco meeting to comprise nearly 5,000 schools from elementary level through graduate work. Approximately 250,000 students are enrolled.

Mr. Eckerman said the church is operating 181 major medical institutions and hundreds of smaller clinics and medical units.

To remove cod liver oil stain from white cotton or linen, sponge the spot with carbon tetrachloride and wash in hot suds.

Rotarians See Cancer Films

Informative and entertaining were two films put out by the Cancer Institute of America and presented before the Gladstone Rotary Club yesterday noon. Gus Dehlin was program chairman for the day and he enlisted the service of his son, Dr. James Dehlin, who told Rotarians that if there were any special questions which the films might bring to mind he would answer them at next Monday's Rotary meeting.

The first film, done in cartoon style stressed early diagnosis and treatment, using as a simile the progressive worsening of unintended mechanical trouble in the modern auto.

It pointed out that cancer can be cured by three methods: namely, surgery, X-ray and radium if found before too late.

Seven common symptoms which should be checked should one occur were pointed out in the film.

The second movie depicted research being done in the study of cell life at Memorial Hospital and the Sloan-Kettering Institute.

Both films were done in Technicolor.

Carol Balthazore, Milford G. Young Married Saturday

Lavender and white lilacs, peonies and snapdragons decorated the Bethel Evangelical Free Church for the marriage on Saturday of Miss Carol Jean Balthazore and Milford G. Young.

The double ring service was read at 3 p.m., by Rev. Oscar Leander, pastor. Harold Smith of Escanaba, soloist, sang "Because" and "O Perfect Love."

The bride was given in marriage by her brother-in-law. Her bridal gown was white satin and lace and a tiara of pearls secured her veil. She carried white peonies and snapdragons.

The bridegroom's sister, Miss Joyce Young, was maid of honor and the bridesmaid was Mrs. Harry Rousseau. The maid of honor wore a yellow gown and the bridesmaid, a pink gown. Each carried a bouquet to match their dresses.

Israel Marenger of Escanaba was best man. Ushers were George Young, brother of the bridegroom and Charles Makosky, brother-in-law of the bridegroom.

The bride's mother chose a black dress with white accessories and her foster mother wore navy blue with white. Each had a corsage of carnations and snapdragons. The bridegroom's mother was attired in a light blue dress with white accessories. A corsage of carnations adorned her shoulder.

A reception was held in the church parlors following the ceremony. Mrs. Gordon Strom and Mrs. Leonard Sabourin were in charge.

The bride is the daughter of Mr. and Mrs. Dewey Duncan, Escanaba, and the bridegroom is the son of Mr. and Mrs. Ben Young, 510 Montana Ave., Gladstone.

Following a wedding trip to an undisclosed destination the young couple will live at 1116 Montana Ave., Gladstone. For going away, the bride chose a light blue suit with blue and white accessories.

Out of town guests were, Mrs. Grant Olson, Mrs. George Deoughary, Mrs. Dewey Duncan, Mr. and Mrs. Nicky Hycinth, Mr. and Mrs. Harold Smith, Audrey and Sharon Balthazore and Mr. and Mrs. Donald Balthazore, Escanaba, and Mr. and Mrs. Stanley Myjack and family of Munising.

Twilight League Pairings Listed

Pairings for this week's Twilight League play among men of the Gladstone Golf Club were announced yesterday by Harold Mackie, chairman.

They follow: Bob Skellenger vs. Paul Nyberg, Ray Long vs. Walter Johnson, Clarence Goodman vs. Norman Harris, Ed Hueseler vs. Hubert Bray, Ross Davis, Bill Cannon, George Kelly vs. Elmer Caron, Horace Gibbs vs. Arv Ellingson, George Minne vs. Walter Olson, Lex Shaw vs. Gale Westcott, Jerry Bevar, Jim Jones, O'Neill D'Amour vs. Harold Martin, Royal Kallerson vs. Lewis Empson, Ed Parkhurst vs. Elder D'Amour, Charles Hoffman vs. Paul Louis, Walter Vandenberg vs. Irving Fardal, Vern Long vs. Syl Schram, Jim Soderberg vs. Fred Siebert, Bill Blake vs. John M. Olson, George Craft vs. Andrew Cannon, Jim Cannon vs. Norman Knutzen and Francis Cannon vs. Mike

Announce Pairings For Ladies' Golf

Regular Ladies' Day golf will be held Thursday afternoon at the Gladstone course on the Days River and pairings for the day announced by Mrs. B. H. Skellenger as follows:

Bernice Burton vs. Vi Brewer, Marlene Peterson vs. E. Fardal, Maude Jackson vs. Jane Empson, D. Beccar vs. Agnes Erickson, Micky Esler vs. Ruth Lasky, Nettie DeVet vs. Ida Hoffman, E. Caron vs. Irma Siebert, Nettie Parchman vs. C. Cannon, Alice Dunsone vs. Mary Willis, June Knutzen vs. B. Beaudry, Dorothy Coulter vs. Alice D'Amour, Tillie Cannon vs. Kate VonDosen, Ex. Skellenger vs. Fern Hall, Josie Delin vs. Sally Johnson and L. Maskart-hye.

The luncheon committee for the afternoon is composed of Dorothy Coulter, Sally Johnson, Helen Norstrom and Maude Jackson.

Obituary

DANIEL WILLIS

Funeral services for Daniel Willis, North Delta, were conducted Saturday afternoon at the Kelley Funeral Home with the Rev. K. J. Samuelson, pastor of the First Baptist Church, officiating.

During the rites Mrs. Albert Mattson sang "Rock of Ages" and "City Four Square" with Estrid Holm as accompanist.

Pallbearers were Peter Bourasaw, R. V. Williams, Perry DePree, Raymond Williams, Earl Iverson and George Williams. Burial was made in Fernwood cemetery.

Military rites were accorded Willis, a veteran of World War I. Colors were borne by Carl John and George Peoples. O'Neil D'Amour, chaplain, conducted the Legion ritual at graveside, a salute was fired by a squad composed of Lowell Girard, Bill Swenson, Jim Schram, H. J. Skogquist and Sylvester Schram and taps were sounded by Bugler Franklin Lash and Gerry Koehler.

City Briefs

Mr. and Mrs. Lowell Stade returned Saturday from Augusta, Ga., where they visited with their son and daughter-in-law, Cpl. and Mrs. Richard Stade. They also spent some time in Jacksonville, St. Augustine and Daytona Beach, Fla.

Jim Brusoe is visiting with relatives in Rhinelander.

Motor vehicle traffic in the United States exceeded half a trillion miles for the first time in 1952.

Briefly Told

Prayer Meeting — Weekly prayer meeting will be held at 7:30 Wednesday evening in Bethel Free Church.

Prayer Service — A prayer service will be held at 8 Wednesday evening at the Free Methodist Church.

Band Boosters — A meeting of the Band Boosters club will be held at 8 Wednesday evening in the music room at Gladstone High School.

Rebekah Meeting — A social meeting of the Rebekahs will be held at 8 Wednesday evening at the home of Mrs. Lawrence Johnston, 17 North Hill.

Prayer Service — The regular weekly prayer service will be held at 7:30 Wednesday evening at the Reorganized Latter Day Saints' Church. A short business meeting will be held after the services.

MANISTIQUE

Softball Field Is Dedicated

Amid fitting ceremony—a send-off speech by Mayor A. W. Heitman, those who cooperated making their boy and a beautiful American flag lifted to the breeze—the Central park softball diamond was duly dedicated before several hundred lovers of the game Monday evening.

Particularly impressive in the ceremony were the maneuvers by the Legion Drum and Bugle Corps, the drill corps of Scout troop 460, and other marching units of the Manistique Boy and Girl Scout units.

Otmer Schuster, as master of ceremonies, announced that this splendid ball park, one of the finest of its kind in Upper Michigan, is the realization of a long felt need in the community and that the thousands of motorists passing the field every day this summer will find in it "evidence of the progressiveness of the community."

Mayor Heitman, in commenting on the new addition to the city's parking system, stated that this is another worthwhile achievement resulting from the institution of the Recreation Ordinance seven years ago. He wished that its creation may result in good ball playing by the teams and satisfaction for the fans.

Presentation of a brilliantly colored nylon flag by the Elks lodge and raising it up on 40-foot mast set at the far end of the field, completed the dedication ceremony. Earl LeBrassier, exalted ruler of the local lodge made the presentation. Buglers of the drum and bugle corps played retreat as the flag was being unfurled.

Two games—one between the Paper Mill and the Fords before the ceremony and between the Top o' Lakes and Christy's after it, rounded out the evening.

Raymond Hughson Leaves For Germany

After completing his training in Leadership School at Fort Leonard Wood, Mo., Pvt. Raymond Hughson has left for overseas. He will be stationed in Germany. He would like to hear from his friends. His address can be obtained by contacting his parents, Mr. and Mrs. Harry Hughson, Manistique Heights.

Hiawatha

HIAWATHA — Mr. and Mrs. Ed Lewis and son Perry were visitors at the home of their daughter, Mrs. Frigale at Thompson, on Sunday.

Hrs. Sidney Latch, who visits her husband in Iron Mountain Veterans hospital every weekend reports that Sidney is not progressing as well as they had expected, and may have to remain there for some time.

Mr. and Mrs. Nile Byers were business visitors in Escanaba on Saturday, and on their way home stopped to visit with Mr. and Mrs. Jonas Sjogren, of Nahma.

Miss Catherine Ruggles was a guest at the home of Mr. and Mrs. Ed Cookson for several days after the school bus picnic.

Mrs. Ed Cookson sprained her ankle while on a picnic on Thursday.

Mrs. Eva Fletcher is working for Mr. and Mrs. Leon LaPorte at their resort on Island Lake, as Mrs. LaPorte sprained her back recently.

Miss Clara Burley of Shingleton was a guest at the home of Mr. and Mrs. Ruggles this past week.

Mr. and Mrs. Nile Byers Jr., and daughter Nileen Lynnette of Petoskey were visitors in Hiawatha this week. They came up to help celebrate the dedication of the new church. Nile got to visit with many of his old school friends whom he has not seen in many years.

The Bible study class will be resumed on Thursday evening at the Foursquare Church. It was temporarily suspended until after the dedication service.

Our Boarding House

Forests Still Provide Most Employment In U.P.

Old time sawmill operators concerned themselves with the logging of but one kind of tree—the white pine—Carl Sawyer, of Escanaba, veteran timber operator, told Manistique Rotarians at their noon luncheon Monday.

Mr. Sawyer was in a reminiscent mood as he talked, touching on early day experiences in this area when the magnificent growth of white pine that covered this part of the Upper Peninsula was being transformed into lumber. "People seemed to have the idea that the supply of timber was inexhaustible," he said. Up around Cooks, he said, the finest growth of maple and red birch to be found anywhere was considered of no commercial value except in terms of the charcoal it produced.

But now with the primeval forests gone, he explained, we are coming to find practical uses for all varieties of timber and are pursuing forestry and conservation practices that should in time restore the status of this land as a woods products area.

The days of the big sawmills, he said, are over. Small mills of the portable type are taking their place and he cited the fact that mining—considered Upper Michigan's largest industry—employs 10,000 men, whereas forest products provide livelihood for 12,000.

It took about 200 years, he said, to produce the white pine stand that once stood here. We cannot

Traffic Violations Cause Busy Day In Justice Court

Traffic violations, most of which occurred over the weekend, kept the justice court busy for a considerable time Monday.

Gust A. Carlson of Escanaba paid \$20 fine and \$4 costs for hauling a load of excessive weight. This was an old case.

Bernard McKinney, of Calgary, Alta., Harrison Stuble of Milwaukee, Wis., and Fred Kitay of Toronto, Ont., each paid \$10 fines for driving at excessive speed.

Kenneth J. Steve, of Sault Ste. Marie, paid a \$10 fine for passing on a curve.

Mrs. J. L. LeDuc, was fined \$25 and \$4 costs for permitting a minor to drive her car. The complaint was made by Sgt. Nick Modders of the state police.

The \$15 bond posted by Alois D. Peserick of Manitowoc, Wis., following his arrest on Memorial Day on a speeding charge, was declared forfeited.

Andrew Deberney, of Newberry, charged with driving while under the influence of liquor was fined \$50, and \$5 costs and in addition sentenced to spend 30 days in jail. His license previously revoked and recently restored to him, was again revoked.

FREE MEALS PROTESTED

SAN DIEGO, Calif. (AP)—Three bachelors share an apartment and the job of planning and cooking meals. When one of them served rabbit for Tuesday dinner, four weeks in a row, the other two objected. They found he had been darning a laboratory technician who works in a medical clinic that specializes in maternity tests.

Ladies Aid — The Ladies Aid Society of the First Baptist Church will meet at the church at 1 p.m. Wednesday. From there they will go to Sunset Beach for a pot luck picnic.

Moms Meeting — The Moms Unit 31, will meet Thursday evening at the home of Mrs. Clara Whitman, E. Elk St. Mrs. Harriet Dixon will be the assisting hostess. All friends and those interested in joining the moms club are invited to attend this meeting.

Royal Neighbors — The Royal Neighbors of America will hold a social meeting Wednesday evening at 8 at the home of Mrs. Albert Swanson, Manistique Ave. Mrs. Rainey Demars will be assisting hostess. An important business meeting will follow the social. Each member attending is asked to bring a guest.

In This Corner

With Ray Crandall

The Esky Cubs of the Waubung League narrowly escaped possible serious injury at the league opener in Carney Sunday . . . Forced to leave the field when strong winds blew up a dust storm, the Cubs were off the diamond only a few minutes when three towering light poles crashed down.

The 1954 Upper Peninsula Old Timers' golf tournament will be held at Pine Grove Club, Iron Mountain, on Aug. 7 . . . Attending the recent Old Timers' Association meeting in Iron Mountain were Dr. Fred Hirn, president, and James T. Jones, secretary, of the U.P. Association.

When Ray Richards goes to a major league baseball game it is quite an occasion . . . In fact, he's seen only one such game in his life . . . But he'll never forget it . . . Ray, along with Chester Morton, Art Klug and Barney Barnhardt, had the pleasure of watching the Milwaukee Braves' Jim Wilson toss his no-hitter against Philadelphia Saturday afternoon.

To A Baseball Fan From Rock: Elsewhere on this page you will find a ballot on which you may make your selections for the starting lineups for the All-Star Game to be played in Cleveland, July 13 . . . Fill out the lineups of your choice and mail to the Chicago Tribune, Chicago, Ill.

Most attractive baseball program we've seen in a long time is that of the Esky Cubs of the Waubung League . . . The front cover pictures a cool-black cub bear with a white Esky Cub shirt draped over his back . . . The cub is standing over a bat and a baseball glove and ball . . . Inside is a scoring sheet for fans with the Esky home schedule and players listed by number . . . On the back page is a list of contributors to the new uniform fund.

Merchants Win To Lead In American; Northland Loses

The Merchants took over undisputed possession of first place in the American League softball standings last night and the new Northland Breads tasted defeat for the first time this season in a pair of action-packed contests.

The Merchants edged a stubborn Paper Mill team 10-8 by overcoming an early four-run deficit and then staving off a last inning rally.

Northland was the victim of

Yesterdays Stars

By The Associated Press

Pitching — Paul Minner, Cubs' relief pitcher checked Pirates' late inning rally as Chicago won -5.

Batting — George Strickland, Indians — drove in three runs with homer in Cleveland's 13-5 victory over the Red Sox.

Kleiman said today that Wed-

Vengeance In Minds Of Detroit Tigers After Horrible Trip

DETROIT — The Detroit Tigers were in a vengeful mood as they prepared to meet the Boston Red Sox tonight in the first of a three-game series. The Tigers, returning to Briggs Stadium after taking a horrendous licking on the road, have a chance for revenge during the current homestand.

It was Boston's home runs that played a big part in the downfall of the Bengals. The Red Sox, relying mainly on home runs by Ted Lepcio, Harry Agganis and company, took four of five games from Detroit when the teams last met at Boston.

And after the Red Sox depart, the other eastern teams that plastered the Tigers with 16 defeats in the last 22 games will come to town.

Philadelphia, New York and Washington will enter the Tigers' den for three-game stands.

The Red Sox will enter the game without the services of Ted Williams, who is suffering from an attack of virus in his right lung.

Champ Bobo To Meet Turner In Nontitle

HONOLULU — Middleweight champion Carl "Bobo" Olson and Jesse Turner of St. Louis meet in a 10-round nontitle fight tonight at Honolulu Stadium.

The fight starts at 9:15 p.m. (1:15 a.m. CST, Wednesday).

Honolulu-born Olson was favored

4-1.

Olson figures to come in at about

13 pounds. Turner about 11. The middleweight limit is 160.

Big Part In Little League Is Played By Community's Adults

One of the things that makes the Little Bigger League the success it is throughout the nation is the cooperative effort of adults in promoting the program.

And nowhere is this factor more evident than in Escanaba where the Jaycee Little League is the pioneer of the Upper Peninsula.

Latest proof of adult community interest is the current project of erecting a cyclone fence from the outfield fences to the backstop. National Guard Co. C, 107th Engineers, has taken over the task and will finance it with funds from the "Grand Old Opry" show featuring Tommy Scott which will be presented Friday night at the Escanaba Junior High auditorium.

Fence Badly Needed

"The cyclone fence is a much-needed facility at the Little League diamond," a league official stated. "It will help keep non-players off the field and greatly eliminate the danger of accidental injury at the field."

The wire fence will be nine feet in height when it is completed, probably in about two weeks.

The lone Little League diamond

is in the Upper Peninsula was built in 1952 after the league had been in existence for one season. Continuous improvements have been made and more are contemplated.

League officials expect to erect at least one section of bleachers for spectators this summer.

For Boys 8 to 12

The Little League program is conducted for boys 8 through 12 years of age. There are four teams in the Escanaba Jaycee circuit, the St. Joe Boosters, Lions, Kiwanis and Rotary.

Dr. Alfred A. Gossan is president of the league. One of the organizers and strongest supporters of the program is Karl Dickson, current league secretary.

In addition to its use as the of-

ficial league playing field, the Little League diamond located at the site of the city water tower is

KIWANIS WINS 5-4

Kiwanis last evening won its first start in the Little League by nipping Rotary 5-4 behind Joe Frappier who scattered eight hits. Kiwanis collected five of their six hits off Dwayne Berg in the fourth inning, the big blow a base-clearing double by Craig Peterson.

used by the recreation department during the summer months.

Compete In Tourney

The four league teams in action include over 50 players, and each

team is managed by an adult manager. All games are played in uniform with standard league equipment under strict rules. The Escanaba program was expanded this year to include a farm system in the recreation leagues.

The league will be in action until early in August when an all-star team is selected to compete in district tournament play. For the past two years the Escanaba team has lost its first tournament start at Stevens Point, Wis. In 1951 the Eskys team won the state Little League championship at Midland, Mich.

Games at the Little League field are played on Monday, Wednesday and Thursday evenings and 6:30 and on Saturday afternoons.

Spartan Baseball Team Knocked Out Of Tourney

By RANDALL W. BLAKE

OMAHA (AP) — Rollins College and Missouri will meet tonight for the NCAA college baseball world series championship with sophomore southpaw slated to pitch for both clubs.

Rollins is expected to give the nod to pint-sized Art Brophy who handed Missouri its only tourney loss, 4-1 in the second round of the double elimination play.

Missouri's choice is slated to be Ed Cook, who beat Massachusetts in his previous series appearance, giving up one run.

Wild Ninth Inning

Rollins also has been beaten once. That was 3-2 at the hands of Michigan State, a team Rollins previously beat 5-4, and the team Missouri knocked out of the tourney Monday night, 4-3 in a wild last of the ninth.

Missouri is the Big Seven Conference champion and Rollins is the smallest school ever to make

Sport Shorties

Tom Connolly, retired American League Umpire-in-chief, completed 60 years of service in organized baseball.

Only one letterman infielder returned to this year's Duke baseball team. He is second baseman Dick Brewer.

Pitcher Warren Hacker of the Chicago Cubs was a bomber crew chief in the Marine Air Force during World War II.

Gair Allie, rookie shortstop for the Pittsburgh Pirates, won 14 letters in baseball, basketball and football at Statesville, N.C., High.

Wally Moon, rookie outfielder for the St. Louis Cardinals, was graduated from Arkansas University.

FIGHTS LAST NIGHT

By The Associated Press

NEW YORK — Lew Burdette, the 27-year-old right-hander who made the switch from relief to starting roles is the National League earned run leader today.

Associated Press statistics disclose that Burdette, an ex-Yankee farmhand, has given up 21 earned runs in 84 innings for a 2.25 ERA, against the Indians unloading 22 hits against Bill Henry, Tom Herrin and Tom Brewer. It was the only action in the league.

In the National League's single contest, the Chicago Cubs defeated the Pirates at Pittsburgh 6-5. Hank Sauer's 20th home run, with Ralph Kiner on base, gave the Cubs the deciding runs.

Todays Yankees hit the road in Baltimore, Boston is at Detroit and Philadelphia in Chicago, in addition to the Washington-Cleveland contest. The National League program of three games includes St. Louis at Philadelphia plus the Braves-Dodgers and Cincinnati-Redlegs-Giants engagements.

Runner-up to Burdette is Philadelphia's Curt Simmons 5-5. The stylish southpaw has allowed 23 earned runs in 88 innings for a 2.35 mark. Another lefty, Johnny Antonelli of the Giants 8-2, is third, having yielded 25 earned runs in 94 frames for a 2.39 ERA.

Washington's Bob Porterfield 7-5 trails Garver in the American League ratings with a 2.07 ERA. The Nats' ace has permitted 24 earned runs in 105 innings.

Third-ranking Allie Reynolds of the Yankees 7-1 has yielded 18 earned runs in 75 innings for a 2.16 mark.

Williams has been out of action for nine days. He was left behind Monday when the team enplaned for Detroit for the start of a western trip.

Williams missed the start of the season because of a broken collarbone, suffered in spring training.

Johnny Temple of the Cincinnati Redlegs once hit .400. That was in 1949 at Ogden, Utah, when he led the Class C Pioneer League in batting.

Politics And Baseball Will Be Mixed Tonight

By HERB ALTSCHULL
WASHINGTON (AP) — Politics and baseball mix tonight as a picked team of Democrats sets out to defend a six-year winning streak against an up-and-coming Republican team in the annual congressional baseball game.

The game — it's for charity — is billed for five innings under the lights at Griffith Stadium. Vice President Nixon will throw out the first ball. Rep. Glenn R. Davis (R-Wis) will try to make Washington fans forget Walter Johnson with his pitching performance, while Rep. W. M. Wheeler (D-Ga.) will be seeking to emulate Christy Mathewson. Both played ball in high school. But that was a long time ago. They're up in their late 30's.

Wheeler has been beating the Republicans with regularity ever since he came to Congress in 1947, but the GOP hopes were stirred when they defeated Wheeler in a practice game at Daytona Beach, Fla., last April.

"We have taken the fire out of fireball Wheeler," said Rep. Bishop of Illinois, the 3-year-old GOP playing manager.

Study Shows Effect Of TV On Grid Fans

NEW YORK (AP) — Thirty-nine percent of the "average" football fans in television areas haven't bought a ticket to a college game since 1950 — the first year television had a big impact on attendance. The percentage might be higher if some of those fans hadn't waited until the last year or two to buy their sets.

Of those who did buy tickets in 1952 and 1953, nine out of 10 confined their attendance to games played by a single team.

The NORC satisfied that its studies for the National Collegiate A. A. had proved conclusively that live TV of games has an adverse effect on attendance, concentrated its 1953 studies on the fan himself.

Becomes New Habit

The brief survey of 1953 attendance trends showed a continued decline in crowds coinciding with the increase in the number of TV sets. The pattern was about the same as in previous years, leading to the conclusion that the maximum effect of "controlled" TV has been reached and that attendance should level off at about 27 percent below the 1947-48 average.

The NORC survey indicated that uncontrolled or regional television of football would have a tremendous adverse effect.

It also failed to find any indication that the "novelty effect" of TV was wearing off. Rather it indicated the opposite — that watching the telecasts of games breaks the habit of attendance and becomes a new habit itself."

Tigers Defeated By Buffalo Farm Club

DETROIT, N. Y. (AP) — The Detroit Tigers now have a five-game losing streak. But one of the losses doesn't count in the American League standings.

The Buffalo Bisons trounced the parent club, 6-1, Monday night in a hospital fund charity game.

Home runs accounted for all the scoring. Pat Mullin, now playing for Buffalo, socked a grand slam homer in the first inning and Harry Bright pounded a two-run blast over the left field wall to account for all the Bisons runs.

Veteran Detroit coach Bob Swift's bases-empty home run rebounded the Bisons of a shutout.

They'll Do It Every Time

By Jimmy Hatlo

Rep. Herlong of Florida, the non-playing Democratic manager, scoffed, "Even the Yankees don't try to win all their exhibition games."

The congressional game is expected to draw a crowd of about 7,500 — more than the Washington Senators have been getting of late. Proceeds go to the summer camp fund of the Washington Evening Star.

The probable starting lineups:

Republicans
Ayres (Ohio), lf
Bishop (Ill.), 2b
Springer (Ill.), 1b
Davis (Wis.), p
Derouin (NY), cf
Lipscomb (Calif.), rf
Tollefson (Wash.), 3b
Coon (Ore.), c

Cartagena Bids For Tourists

WASHINGTON—Not since the turbulent days of the Spanish Main when it served as a fabled treasure port has Cartagena, Colombia, seen so much activity.

With modernization of its ancient Dique Canal under way, the city bids to regain its position as Colombia's leading shipping center. A model tourist center rising along its shores may become the nation's best known seaside resort. In recent years, restoration of historic churches and forts have already attracted many visitors.

300-year-old Canal

One of the oldest engineering works in the Western Hemisphere, the Dique Canal has been open almost continually since 1650, says the National Geographic Society. At Calamar, 45 miles east of Cartagena, it connects with the wide, serpentine Magdalena River, chief traffic artery from the Caribbean to Bogota, the capital.

When the waterway's 20 curves are eliminated and its passageway deepened, barge fleets and cargo ships loaded with coffee, balsam, hides and precious stones may soon again pour into Cartagena from the rich, highland interior. In the last century, Cartagena has bowed to Barranquilla at the mouth of the river as Colombia's leading port.

Rich in the lore of Spanish conquistadores and swashbuckling pirates, Cartagena is the most elaborate city in South America. Founded in 1533, it served as an ancient-day Fort Knox for the accumulating riches of the Indies which the Spaniards shipped back to their homeland.

Here the gold and silver of Peru, emeralds of New Granada, and the pink pearls of the Caribbean were stored underground until the annual visit of the "Plate Fleet", whose strong frigates dared the run through pirates waiting offshore.

Engineers commissioned by the Spanish king lavished all their skill on the city's defenses. A massive wall 40 feet high and 50 to 60 feet wide, hewn from coral rock, was thrown around the rising town. Its estimated \$60,000 cost was a pittance compared to the treasures it guarded.

Ring of Forts

Cartagena lies upon a short, sandy peninsula, with many islands and mangrove-bordered bays dotting the harbor entrance. As a protective backbone, its builders erected 29 separate forts. Atop a small hill just outside the walls, San Felipe served as the defensive key. Miles of tunnels, ventilated by shafts driven 100 feet through solid rock, connected its 12 gun emplacements. It took 30 years to build the fortress.

Strangely, the city which served Spain so well for three centuries was the first to declare its independence. Thousands of Cartagenians died of starvation and pestilence when the Spanish army besieged the town in 1815, but six years later it was finally freed by the forces of Simon Bolivar.

Stores crammed with moderately priced goods attract shoppers. The city is noted for its hand-wrought silver, wood carvings, and leather, tortoise-shell and mother-of-pearl items.

A DUCK ROMANCE
